Our School

His own high ideals inspire others to strive for nobility;

His conception of service has found expression in his sponsorship of the
FFA;

His friendliness and gracious manner are facets of his enviable person-
ality;

As teacher, friend, and gentleman
the GIFTS of

RETROSPECT

In the fall of 1952, a group of very excited boys and girls gathered in Miss Brizen-dine's room to start down the road of quality education. Now in 1963-64 some of us are nearing the end of our journey, but it is just the beginning for those of us who will seek a college education. As we reach this great milestone in our lives and recall some of our early years in school, we remember well the task of learning our multiplication tables and such courses as history and English. Even though the road was sometimes hard and filled with many pitfalls, we finally reached the eighth grade.

By the time we became ninth graders, we had grown accustomed to high school life but we were known to the rest of the student body as those "dumb Freshmen."

In our Sophomore year we began our money-making projects for the next year's Prom. We had Miss Metcalf as a sponsor for that year. The class' wish that she be our Junior sponsor was granted.

All of us were eager to begin our Junior year. This we found to be the busiest year we had yet encountered. Receiving our class rings and presenting our Prom, "Magic Moments," to the Seniors were two of the most important events that filled our joyous year.

Now that we are Seniors we regret in many ways the fact that we shall soon be departing from King William High School. We have had many exciting experiences and have learned numerous and valuable bits of knowledge. For this we can thank our teachers who have served us so faithfully and patiently. As graduation draws near and each of us goes our separate way, we realize more fully that we shall always cherish the wonderful memories of our years at K.W.H.S. Faced with the responsibilities and the problems of life in the future, we hope that each of us will always live and abide by the class motto, "Non est vivere est valere vita," (Not merely to exist, but to amount to something in life) and strive constantly to do those things which will bring honor not only to ourselves but also to our school.

In Memoriam

Roger Owen Madison, Jr.

May 3, 1947 - October 9, 1963

Pleasant, thoughtful, cooperative--this is how we shall always remember Roger.

At every King William High School activity he was a familiar figure, lending his assistance wherever and whenever needed.

His enthusiasm, willingness, and school spirit were present whether he was participating in sports, serving on committees, or working in any other way with the faculty or his fellow students.

"He lived a life,
Which made appeal to you and me;
We loved to live
In what was his community."

Paper and Careers *for the future*

TODAY there are more than 100,000 different uses for paper . . . and the search for new uses never ends. That is why this fast-growing industry is now the fifth largest in the country . . . and why it needs trained researchers and technicians for future growth.

Our company, a pioneer kraft manufacturer, joins with other mills in sponsoring college scholarships in paper technology. It also offers scholarships for study in a subject of the student's choice. For information, write: Public Relations Department--
